

Honoring Lives Through Art

At Little Witch Tattoo, I believe tattoos are more than just body art—they are personal stories etched in ink, carrying deep meaning and emotion. The Memorial Project was born from this belief, as a heartfelt initiative I lead to honor those who have passed and to support individuals seeking a lasting tribute to their loved ones.

What Is the Memorial Project?

The Memorial Project is my way of giving back to the community by offering free memorial tattoos to clients who want to commemorate someone they have lost. Whether it's a small symbol, a cherished phrase, or a custom design that holds unique significance, these tattoos serve as a timeless way to preserve memories and carry the spirit of a loved one with you.

Why I Do It

Losing someone dear is one of the most profound experiences a person can face. I understand that creating a physical and permanent tribute can provide comfort, healing, and a sense of connection. By offering these tattoos at no charge, I aim to remove

financial barriers, allowing anyone to create a meaningful memorial without added stress.

How It Works

1. **Online Consultation:** Clients interested in the Memorial Project can book a consultation with me where we discuss their ideas, design preferences, and the story behind their memorial tattoo.
2. **Design Process:** Together, we create a custom design that perfectly reflects the memory and sentiment you wish to capture. Please note that custom designs may have certain limitations and exceptions, as I ensure each piece aligns with my artistic expertise and style.
3. **Tattoo Session:** Once the design is finalized, we schedule a tattoo session. I make sure the experience is as comfortable and supportive as possible. Time lengths are scheduled to only 2 hours per project.

Who Is Eligible?

The Memorial Project is open to anyone who has either lost, or is in the process of saying goodbye to a loved one and seeks to honor their memory through a tattoo. While I strive to accommodate as many clients as possible, appointment availability may vary based on scheduling. (IF THIS IS TIME SENSITIVE PLEASE STATE THIS)

My Commitment

This initiative is deeply personal to me. By offering these tattoos free of charge, I aim to foster a sense of community, healing, and connection. The Memorial Project is not just about tattoos; it's

about celebrating lives, cherishing memories, and standing with those who grieve.
